Commissioner for Patents

Applicant attempted to respond to the previous sequence requirement on April 5, 2004. While the paper copy of the sequence was acceptable, the CRF was not accepted because it did not contain a sequence listing. Also, Applicant's statement that the CRF and paper copy are "substantially identical" is not acceptable. Applicant must state, according to 37 CFR 1.821(f) that the CRF and sequence listing are the "same" or "identical". Attached is a copy of the CRF problem report.

There is still no Computer Readable Form (CRF) which has been filed in this application. A CRF is required as well as a statement that the CRF and paper copy are identical.

Applicant's response will be treated as BONA FIDE, and Applicant will be given a new period to comply with the sequence rules. Should the next response not be in compliance, it will not be a BONA FIDE response and the application will be abandoned.

Applicant is given ONE MONTH, or THIRTY DAYS, whichever is longer, from the mailing date of this letter within which to comply with the sequence rules, 37 CFR 1.821 - 1.825. Failure to comply with these requirements will result in ABANDONMENT of the application under 37 CFR 1.821(g). Extensions of time may be obtained by filing a petition accompanied by the extension fee under the provisions of 37 CFR 1.136(a). In no case may an applicant extend the period for reply beyond the SIX MONTH statutory period. Direct the reply to the undersigned. Applicant is requested to return a copy of the attached Notice to Comply with the reply.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey Fredman whose telephone number is 571-272-0742. The examiner can normally be reached on 6:30-4:00.
